WEST VIRGINIA WESLEYAN COLLEGE

SUMMER SESSION

1944

For many years West Virginia Wesleyan College has conducted summer sessions, which have been particularly popular with teachers in service in public schools. The accelerated program now makes the summer session even more than formerly an integral part of the total instructional program.

TWO TERMS

The first of the two summer terms for 1944 begins on June 5, and ends on July 14; the second begins on July 17, and ends on August 25. Students may attend either term, or both, and may earn six semester hours of credit per term. June 5 will be registration day for first term students. Students should avoid late registration, unless it is quite impossible to do so. Persons entering for the second term only will register on July 17.

ACCELERATION

The College is operating on the basis of two 18-week semesters and two 6-week summer terms annually. This makes it possible for a student to earn a maximum of 48 semester hours of credit per year, and to complete a regular 4-year college course in approximately two and one-half years.

High school graduates intending to enter college are strongly urged to enter at the beginning of the first summer term. Those who enter on June 5, 1944 and pursue successfully the accelerated program will be graduated in January, 1947. If the same persons should enter college in September, 1944, and omit summer sessions, they could not be graduated before May or June, 1948. It is, therefore, possible to save approximately one and one-half years in completing one's college course by taking full advantage of summer sessions. This would seem to be

economically justifiable at any time, and in the present emergency patriotic as well.

TRANSCRIPTS

A high school graduate intending to enter College on June 5, should immediately upon graduation have a transcript of his high school record sent to the Registrar of the College. Students transferring from other colleges should have transcripts of their credits forwarded to the Registrar prior to June 5.

COURSES

Course offerings for the 1944 summer session are unusually ample. With but one or two exceptions every member of the College faculty will teach in the 1944 summer session. Courses in Home Economics and Industrial Arts are offered for the first time.

The schedule of courses offered for the summer session appears on pages 6 and 7 of this bulletin. Descriptions of these courses are found in the regular catalog, a copy of which will be mailed upon request. The courses have been selected and arranged to meet the needs of entering freshmen, students already pursuing the accelerated program, teachers in service, and persons preparing for special duties in connection with the war effort. Courses not scheduled will be made available if sufficient demand should arise.

Summer session courses are in all respects equivalent in scope and thoroughness to courses offered on the usual semester basis.

GRADUATION

Students who complete degree requirements during the summer session will be awarded their degrees informally at the end of the second summer term.

It is now required of each candidate for a degree that he pass comprehensive examinations in his major and minor fields. Students completing degree requirements during the summer session of 1944 will take these examinations during the week of August 14 to 18.

HOUSING

Agnes Howard Hall, thoroughly renovated and refinished after serving as headquarters for the 49th College Training Detachment (Aircrew), will be reoccupied by college women at the beginning of the 1944 summer session. Rooms and meals are provided all residents.

The Co-op House also will be open during the summer session as a residence for women students who prefer to provide their own services.

Rooms in both Agnes Howard Hall and the Co-op House are furnished, except for linens, blankets, rugs, and curtains.

Men students will easily find satisfactory living accommodations in private homes.

EXPENSES

Tuition for summer session is $6.00 per semester hour. *This includes all laboratory fees, other course fees, and Library fee.*

Charge for room in Agnes Howard Hall or Home Economics Cottage is $12.50 per term of six weeks; in the Co-op House $10.50 per term of six weeks.

Charge for board and Consumers' Tax, whether in Agnes Howard Hall or Home Economics Cottage, is $40.00 per term of six weeks.
